

ANNOUNCEMENT

February 2020

Stewart Noland to Retire After 27 Years with Crist Engineers

After a career of over 44 years in the engineering profession, 27 of those years with Crist Engineers, Inc., Stewart Noland has announced his retirement effective March 31, 2020. Stewart joined Crist Engineers, Inc. in 1992 as an Associate and Vice President of the firm and has served as President since 2013. Stewart received his Bachelor's Degree in Civil Engineering in 1975 and his Master's Degree in Civil Engineering in 1976, both from the University of Arkansas at Fayetteville.

Matt Dunn Named President of Crist Engineers, Inc.

Effective February 10, 2020, Crist Engineers, Inc. is pleased to announce the election of Matthew D. Dunn, P.E. as President. Matt received his Bachelor's Degree in Industrial Engineering in 1997 and his Master's Degree in Civil Engineering in 1998, both from the University of Arkansas at Fayetteville. Matt began his career with Crist Engineers in 1999, became a Partner of the firm in 2004 and Vice President in 2011. Matt is a registered professional engineer with 21 years of experience in the water and wastewater market.

Craig Johnson Named Vice President of Crist Engineers, Inc.

Effective February 10, 2020, Craig Johnson, P.E. has been elected Vice President of Crist Engineers, Inc. Craig joined Crist Engineers, Inc. in 2012 as an Associate Engineer and became a Partner of the firm in 2013. Mr. Johnson is a registered professional engineer with 23 years of experience in the municipal water and wastewater service area. Craig received his Bachelor's Degree in Civil Engineering in 1995 and his Master's Degree in Civil Engineering in 1996, both from the University of Arkansas at Fayetteville.

Effective April 1, 2020, the Partners of the firm include Matt Dunn, P.E., President, Craig Johnson, P.E., Vice President, Les Price, P.E., Secretary/Treasurer, and Chad Hastings, P.E.

Founded in 1938, Crist Engineers, Inc. recently celebrated its 80th Anniversary and is one of the oldest consulting engineering firms in Arkansas. The firm offers specialized experience in water treatment and distribution, wastewater collection and treatment, as well as various other engineering services including planning and construction management to clients throughout Arkansas and surrounding states.
